GENERAL INFORMATION OF THE WINE					
NAME OF WINE	Barrica de Thierry	**LOT**	24RBDT01	**VINTAGE**	2024
APELATION	Terra Alta (Spain), winery not registered in the designation of origin.			**PRODUCTION OF THIS VINTAGE**	620 bottles
CHARACTER OF THIS VINTAGE	The climate that has affected the wines of the 2024 vintage could be roughly defined as dry and moderately warm. Rainfall was scarce during the autumn, and was almost insignificant in winter and spring, with some precipitation in summer. Contrary to what was expected, the temperatures of the coldest months were high, which left a much cooler summer than usual with which the plants had a respite after having spent some very dry and hot years. Days before and during the harvest campaign, there is some rainfall that allows the ripening of the grapes to be extended and the appearance of the canopy of the vines to be improved, reaching the moment of leaf fall better and later and, therefore, the end of their vegetative cycle. In the wines, we have fruit without reaching such exaggerated degrees as typical of the region. We believe that the wear and tear of the plants during the last few years caused a slowdown in the accumulation of sugar in the berries. Likewise, the acidity is more significant this year. Overall, the 2024 wines have fruit, character and freshness.				
ORIGIN OF THE NAME OF THIS WINE	The name comes from the barrel where the wine has aged the last 6 months before bottling, Thierry's barrel.				

VINEYARD					
GRAPE VARIETY (%)	100% Carignan			**AGE OF GRAPEVINE**	48 years old
TYPE OF SOIL	Clay loam soil with calcareous character			**ALTITUDE**	512 meters
SIZE OF THE VINEYARD	0,60 ha	**AMOUNT OF YIELD**	30 hl/ha	**DIRECTION OF VINEYARD**	Plain
CLIMATE	Continental-Mediterranean climate			**CLIMATE FEATURE FOR THIS VINTAGE**	Low rain, hot winter, cool summer.
AGRITULTURE METHOD	Organic or biological method, without a certification.				
METHOD OF CULTIVATE	Tractor			**METHOD OF HARVEST**	Hand picking

FERMENTATION				
HARVEST	September 2024		**DESTEM?**	Yes
MACERATION	23 days of conventional maceration			
PRESSING DAY	October 2024		**Type of press machine**	*Vaslin* horizontal press
ALCOHOLIC FERMENTATION	>15 days		**Kind of yeast**	Native
MALOLACTIC FERMENTATION	Done		**Kind of bacteria**	Native
AGING	10 months in stainless steel tanks with a bit of skins 4 months in old French wood barrel			
BOTTLING	**DATE OF BOTTLING**	November 2025	**REMAINING SUGAR**	< 0,2 g/l
	ALCOHOLIC GRADE	13,57 % vol.	**VOLATIL ACIDITY**	1,27 g/l
SPECIAL MENTION FOR FERMENTATION OF THIS VINTAGE	Normal evolution. Strong, silky and fresh red wine.
